Share of undergraduate, degree-/certificate-seeking students who are part-time	student		float	PPTUG_EF		IPEDS	The proportion of degree/certificate-seeking undergraduates enrolled part time in the fall term, calculated from the IPEDS Fall Enrollment component. This metric does not apply during 2000-01, when degree/certificate-seeking status was not collected. It is calculated as the number of part-time, degree/certificate-seeking undergraduates divided by the number of degree/certificate-seeking undergraduates. It includes non-first-time undergraduates. Proportions are expressed as decimals rounded to four decimal places, so, for example, 0.1234 equals 12.34 percent.

It is calculated for all full-time, first-time, degree/certificate-seeking undergraduates who receive Title IV aid. It is included in the IPEDS Student Financial Aid component. Separate metrics are calculated for public institutions and private institutions for each of five income categories. Average net price (NPT4_PUB, NPT4_PRIV) for each of the following five income categories: \$0-\$30,000; \$30,001-\$48,000; \$48,001-\$75,000; \$75,001-\$110,000; \$110,001 or more. The total cost of attendance depends on whether undergraduates live on campus, off campus (not with family), or off campus (with family). Income categories are calculated from the income values used by the institution to calculate financial aid eligibility. For a dependent student, this includes the student's and the parents' income. For an independent student, this includes the student's adjusted gross income and, if the student is married, the spouse's income. This metric is not available prior to the 2009-10 academic year.

Average faculty salary	school	faculty_salary	integer	AVGFACALS		IPEDS	Average faculty salary per month, calculated from the IPEDS Human Resources component. This metric is calculated as the total salary outlays divided by the number of months worked for all full-time nonmedical instructional staff. Prior to the 2011–12 academic year, when months worked were reported in groups, the value for 9–10 months is estimated as 9.5 months and the value for 11–12 months is estimated as 11.5 months. Values prior to the 2003–04 academic year are limited to degree-granting institutions for consistency with values in subsequent academic years.
Proportion of faculty that is full-time	school	ft_faculty_rate	float	PFTFAC		IPEDS	Proportion of faculty that are employed full time, calculated from the IPEDS Human Resources component. This metric is calculated as the number of full-time nonmedical faculty divided by the total number of nonmedical faculty. Proportions are expressed as decimals rounded to four decimal places, so, for example, 0.1234 equals 12.34 percent.
Percentage of undergraduates who receive a Pell Grant	aid	pell_grant_rate	float	PCTPELL		IPEDS	The proportion of undergraduates who received a Pell grant in the academic year, calculated from the IPEDS Student Financial Aid component. This metric is calculated by IPEDS as the quotient of the number of Pell grant recipients divided by the count of all undergraduates for either a fall enrollment cohort (for institutions that primarily follow an academic year calendar system) or a full-year enrollment cohort (for institutions that primarily follow a continuous enrollment or program-based calendar system). Proportions are expressed as decimals rounded to four decimal places, so, for example, 0.1234 equals 12.34 percent. This metric is not available prior to the 2008–09 academic year.

For bachelor's degree-seeking undergraduates, 150 percent of normal time is 6 years, and for associate's degree-seeking undergraduates it is 3 years. For certificate-seeking undergraduates, the normal time period varies (for example, 9 months for a certificate with a normal completion time of 6 months). Race/ethnicity categories for completion rates have varied over time. Prior to the 2008–09 academic year, the categories were White non-Hispanic, Black non-Hispanic, Hispanic, Asian/Pacific Islander, American Indian/Alaska Native, Nonresident Alien, and Unknown. Starting in the 2011–12 academic year, the categories were White, Black/African American, Hispanic, Asian, American Indian/Alaska Native, Native Hawaiian/Other Pacific Islander, Two or More Races, Nonresident Alien, and Unknown. In the 2008–09, 2009–10, and 2010–11 academic years, institutions could use either set of categories. Completion rate for first-time, full-time students at four-year institutions (150% of expected time to completion/6 years) for Hispanic students	completion		float	C150_4_HISP		IPEDS	The proportion of Hispanic full-time, first-time, degree/certificate-seeking undergraduates who completed a degree or certificate at the institution within 150 percent of normal time, calculated from the IPEDS Graduation Rates component. Separate metrics are calculated for 4-year institutions and less-than-4-year institutions. This metric is calculated as the number of undergraduates who completed a degree or certificate divided by the number of undergraduates in the corresponding completion rate cohort. For bachelor's degree-seeking undergraduates, 150 percent of normal time is 6 years, and for associate's degree-seeking undergraduates it is 3 years. For certificate-seeking undergraduates, the normal time period varies (for example, 9 months for a certificate with a normal completion time of 6 months).
